Main Conference Day	
	13 th April 2021
2pm EST	
·	Opening Chairperson's Remarks
2:10pm EST	Opening Panel Discussion:
00000	How will tomorrow's IT and Security Professional Make Effective use of AI and Automation Solutions?
	Duran Holycross, Chief Information Officer and Director of IT, Monroe County Clerk of the Circuit Court & Comptroller
	Caroline Reyes, Chief Information Security Officer, Conviva Care Solutions
	Dr George Antoniou, Associate Professor Cyber Security Management, Lynn University
	Greg Taffet, CIO, Taffet Associates
	Terry Griffith, Director of Incident Management, Royal Caribbean Cruises
2:40pm EST	Developing tomorrow's MSP with AI and Automation
66666	Jay McBain, Principal Analyst – Channels, Partnerships & Ecosystems, Forrester
3:10pm EST	Understanding the Importance of Moving Beyond Database activity monitoring, firewalls, and encryption to Develop Holistic Cyber Defense
	Demystifying the Solar Winds Attack
	Brian Stoner, Vice President Service Providers, Stellar Cyber
3:40pm EST	Discussion Panel:
	To Which Future Applications can the MSS of tomorrow Look to Apply Automation?
88888	Moderated by Alexandre LeBlanc
	Ricardo Villadiego, CEO and Founder, Lumu Technologies
	Steve Struthers, Executive Vice President, Digitalware
	Morey Haber, CISO, Beyond Trust
	Ray Bazzi, CEO, Diriga Technologies
4:10pm EST	Uncovering the Converged ISOC (Intelligent Security Operations Centre): What does Contextual Information or Actionable Intelligence Mean for your Organization?
	Michael Goedecker, CEO, Hakdefnet

Richard Staynings, Chief Security Strategist, Cylera Powell Hamilton, Chief Information Security Officer, Centura Health Esmond Kane, Chief Information Security Officer, Steward Healthcare Mike Archuleta, Chief Information Officer, BridgeCare Health Network – Mt San Rafael 5:10pm EST Discussion Panel Understanding the Security Architect of the Future in the Context of Emerging Automation Tools Moderated by Alexandre LeBlanc Brittany Galli, Chief Success Officer, mobohubb Reut Hackmon, Regional Director Florida and Head of vCISO Program, GRSee Consulting Liat Cohen, Director, Canny Clouds Brian Gibbs 5:40pm EST Al will Radically Change Healthcare Security Richard Staynings, Chief Security Strategist, Cylera 6:10pm EST How can the Physical and Corporate Security Professional of the Future Best Utilise Automation? Joe Gehr, CEO, Technon LLC Michael Caporaso, Operations Manager, Hiddentec USA Carl Jonathan Haymes, Director of Security, Miami Design District 1.00pm EST Understanding the Importance of Developing Secure Code for Machine Learning T.00pm EST Understanding the Importance of Developing Secure Code for Machine Learning Miles Feinberg, Technology Evangelist, Synoptek Chairperson's Closing Remarks Chairperson's Closing Remarks	4:40pm EST	Developing the AI and Automation Strategy of Tomorrow For Healthcare
Esmond Kane, Chief Information Security Officer, Steward Healthcare Mike Archuleta, Chief Information Officer, BridgeCare Health Network – Mt San Rafael 5:10pm EST Discussion Panel Understanding the Security Architect of the Future in the Context of Emerging Automation Tools Moderated by Alexandre LeBlanc Brittany Galli, Chief Success Officer, mobohubb Reut Hackmon, Regional Director Florida and Head of vCISO Program, GRSee Consulting Liat Cohen, Director, Canny Clouds Brian Gibbs 5:40pm EST Al will Radically Change Healthcare Security Richard Staynings, Chief Security Strategist, Cylera 6:10pm EST How can the Physical and Corporate Security Professional of the Future Best Utilise Automation? Joe Gehr, CEO, Technon LLC Michael Caporaso, Operations Manager, Hiddentec USA Carl Jonathan Haymes, Director of Security, Miami Design District 1: One Security, Miami Design District Understanding the Importance of Developing Secure Code for Machine Learning T: Oppm EST Understanding the Importance of Developing Secure Code for Machine Learning T: Oppm EST Integrating Al and Automation into the EP Service of the Future Anton Kalaydjian, CEO, Guardian Professional Security Bill Peeler, CEO, Peeler Group Elijah Shaw, CEO, ICON T: 20pm EST Panel Discussion: When and How will we Know we have Reached the Al Event Horizon? Lokesh Ramamoorthi, Lecturer, University of Miami College of Engineering Miles Feinberg, Technology Evangelist, Synoptek		Richard Staynings, Chief Security Strategist, Cylera
Discussion Panel Understanding the Security Architect of the Future in the Context of Emerging Automation Tools Moderated by Alexandre LeBlanc Brittany Galli, Chief Success Officer, mobohubb Reut Hackmon, Regional Director Florida and Head of vCISO Program, GRSee Consulting Liat Cohen, Director, Canny Clouds Brian Gibbs 5:40pm EST Al will Radically Change Healthcare Security Richard Staynings, Chief Security Strategist, Cylera 6:10pm EST How can the Physical and Corporate Security Professional of the Future Best Utilise Automation? Joe Gehr, CEO, Technon LLC Michael Caporaso, Operations Manager, Hiddentec USA Carl Jonathan Haymes, Director of Security, Miami Design District 6:30pm EST Understanding the Importance of Developing Secure Code for Machine Learning 7:00pm EST Integrating Al and Automation into the EP Service of the Future Anton Kalaydjian, CEO, Guardian Professional Security Bill Peeler, CEO, Peeler Group Elijah Shaw, CEO, ICON 7:20pm EST Panel Discussion: When and How will we Know we have Reached the Al Event Horizon? Lokesh Ramamoorthi, Lecturer, University of Miami College of Engineering Miles Feinberg, Technology Evangelist, Synoptek		Esmond Kane, Chief Information Security Officer, Steward Healthcare
